

## PERMIT TERM 70

*Title:* Flow bypass compliance plan

*When Used:* For projects with flow bypass permit terms.

*Term:* Within six months of the issuance of this permit, the Permittee shall submit a Compliance Plan for approval by the Chief of the Division of Water Rights that will demonstrate compliance with the flow bypass terms specified in this permit. The Compliance Plan shall include the following:

- a) A description of the physical facilities (i.e., outlet pipes, siphons, pipelines, bypass ditches, splitter boxes etc.) that will be constructed or have been constructed at the project site and will be used to bypass flow.
- b) A description of the gages and monitoring devices that will be installed or have been installed to measure stream flow and/or reservoir storage capacity.
- c) A time schedule for the installation of these facilities.
- d) A description of the frequency of data collection and the methods for recording bypass flows and storage levels.
- e) An operation and maintenance plan that will be used to maintain all facilities in good condition.

The Permittee shall be responsible for all costs associated with developing the Compliance Plan, and installing and maintaining all flow bypass and monitoring facilities described in the Compliance Plan.

The monitoring data shall be maintained by the permittee for ten years from the date of collection and made available to the Chief of the Division of Water Rights, upon request.

Any non-compliance with the terms of the permit shall be reported by the permittee promptly to the Chief of the Division of Water Rights

Diversion and use of water prior to approval of the Compliance Plan and the installation of facilities specified in the Compliance Plan is not authorized.
